Graphical Abstract

You are welcome to follow the lesson on Data Commercialization by Ann-Kristin Lieberknecht, MSc. in the course Data Ethical and Legal Issues Regarding ICT Data Protection. The lesson focuses on (1) what is data commercialization, (2) why is it relevant, and (3) the regulation of data commercialization and other aspects. This course is offered within the framework of the PANELFIT Project by the University of the Basque Country UPV/EHU, with the help of the Partners and especially of the European Citizen Science Association (ECSA). The specific objective of this course is to train citizens on basic ethical and legal issues related to the protection of personal data, in accordance with the new European Data Protection Regulation and complementary regulations. <https://www.panelfit.eu/ethical-and-legal-issues-regarding-ict-data-protection/>
