Dear Ms Leah Lu – thank you for the reminder. I will submit a video of my (keynote) presentation by 31 October 2020, as requested. In regards to the full paper: my understanding from the keynote invitation was that submission of a full paper to the special issue was voluntary. I am happy to give the keynote talk, but would like to opt out of submitting a full paper to a special issue of Forests.

Kind regards,
Matthias Boer
